Installation

Follow these steps to set up your **easicom**¹⁰⁰⁰ ready for use.

Plan the location of your **easicom**¹⁰⁰⁰

Make sure your **easicom**¹⁰⁰⁰ is within 2 metres of the phone and mains sockets.

1 Insert back-up batteries

Turn your **easicom**¹⁰⁰⁰ upside down.

Use the end of a ballpoint pen (or similar) to remove the battery compartment cover.

Insert batteries as shown.

Important

*If there is a power failure and you do not have back-up batteries fitted, the telephone will still work normally, but the caller display function will not operate and your **easicom**¹⁰⁰⁰'s screen will go blank. Information stored in the memory will be lost.*

2 Plug the mains power adaptor into to the **easicom**¹⁰⁰⁰

3 Connect the telephone line cord into to the telephone line socket

If you do not have modern phone sockets, call **Freefone 0800 800 150** and ask for a BT engineer to come and fit the correct type. This is a chargeable service.

4 Plug the power adaptor into a socket and switch on

The screen comes on and asks you to dial BT free to receive information into your phone that will make BT Select Services easier to use.

5 Call BT free to download important information

Press buttons in order shown

DIAL Press **DIAL** and follow the on-screen prompts.

When you have stored the BT information, you can access the range of BT Select Services quickly and easily by pressing the **BUTTON** to the left of the screen with  below it.

If the BT server is busy or unavailable you can dial it manually later by phoning **0800 328 1949**.

6 To set the date

DATE Press **DATE**.

KEYPAD Enter the correct date, e.g. for 6 January 1999, dial **06 01 1999**.

OK Press **OK** to confirm the date.

Connecting to a switchboard

Currently, Caller Display and BT Select Services are not available when your **easicom¹⁰⁰⁰** is connected to a switchboard. However, it will operate as a normal phone.

See your switchboard user guide for instructions on using the **Recall**, **Pause**, **#** and **★** buttons to access the switchboard's features.

Maintenance

General

Simply clean the **easicom¹⁰⁰⁰** handset and base with a soft cloth. Do not use a wet cloth.

Do not clean with abrasive materials or solvents as these may damage the unit.

Do not spray aerosol cleaner onto the base or handset.

Warning

Your **easicom¹⁰⁰⁰** may become warm. This is normal and not dangerous. However, you should avoid placing the unit on untreated antique furniture.

Keep your **easicom¹⁰⁰⁰** away from areas of high humidity and out of direct sunlight.

Do not stand it on carpets or other surfaces which generate fibres or place it in locations which prevent the free flow of air over its surfaces.

This equipment is only designed to be used in a normal office or domestic environment where the relative humidity does not exceed 60%. It should not be used in bathrooms or near water.

Service

Within guarantee

If you experience a problem with your **easicom¹⁰⁰⁰** or handset, you should contact the **easicom¹⁰⁰⁰** Helpline on **08457 573464**. Lines are open 8.30am-5.30pm, Monday-Friday, excluding bank holidays. Calls are charged at local call rates. If the problem is not solved, you will be advised to contact your original point of purchase.

Some retailers offer extended warranty schemes for cover outside the initial 12-month period. Please ask them for details.

Outside warranty

If your **easicom¹⁰⁰⁰** needs repair after the warranty period has ended, call the **easicom¹⁰⁰⁰** Helpline on **08457 573464** for information on our recommended repair agents.

If you have to return your **easicom¹⁰⁰⁰**

Pack the cradle and handset securely, preferably in the original packaging. All parts must be returned including line cords, power supply unit and original battery. We cannot take responsibility for goods damaged in transit.

Help

Your **easicom¹⁰⁰⁰** does not receive Caller Display messages

To receive and display messages you must subscribe to the Caller Display and Call Waiting services on your line.

For further information, call BT free on **Freefone 0800 800 150** (residential customers) or **Freefone 0800 800 152** (business customers) or your Service Provider.

Phone does not ring

Check that the ringer volume is not turned down too low.

Check that no other phones on the same line have been left off the hook.

Do you have too many phones in your home?
(See *'How many phones can you have?'* page 25.)

Screen does not work properly

Check that the mains power has been connected correctly.

The battery cover must be fitted correctly in order for your **easicom¹⁰⁰⁰** to work.

E-Mail Help

I have not received any incoming E-Mail.
You must dial the server to collect any E-Mail waiting there for you. Just press the **MAIL** button, followed by **SEND/RECEIVE**.

Why do some of my E-Mails get returned to me by the Postmaster?

This could be because an incorrect E-Mail address has been used. Please double check to make sure that you have addressed your mail correctly.

Why do some of E-Mails I receive have = in between words?

This is because some of your mail has been re-formatted as it has passed through the internet. Please ignore the = symbols as you read through your mail.

When I enter my password, only stars appear on the screen?

Stars are used to display the password to keep this information private.

I sometimes receive E-Mails with attachments removed?

The **easicom¹⁰⁰⁰** is for text messages only and is unable to receive attachments or pictures.

Helpline

If you are still experiencing difficulty, call the **easicom¹⁰⁰⁰** Helpline on **08457 573464**.

Lines are open 8.30am-5.30pm, Monday-Friday, excluding bank holidays.

Technical information

Connection Information

Your **easicom¹⁰⁰⁰** may be connected to public networks in the UK. It may be connected to switchboards that use tone signalling with time break recall. If you are in doubt, contact your switchboard supplier.

How many phones can you have?

All items of telephone equipment have a Ringer Equivalence Number (REN), which is used to calculate the number of items that may be connected to any one telephone line. Your **easicom¹⁰⁰⁰** has a REN of 1. A total REN of 4 is allowed. If the total REN of 4 is exceeded, the telephones may not ring. With different telephone types there is no guarantee of ringing, even when the REN is less than 4.

Guarantee

If you own your **easicom¹⁰⁰⁰** - under guarantee

BT guarantee the product for one year provided that:

- The equipment has only been used for its proper purpose and has not been subjected to misuse or has been wilfully or accidentally damaged.

- The equipment has not been tampered with or repaired by anyone other than BT, its staff, or agents.

If a fault does occur in this product and you bought the unit yourself, provided that you return it to the place of purchase and produce your receipt, it will be either repaired or replaced free of charge.

The terms and conditions of this guarantee do not affect your statutory rights.

If you own your **easicom¹⁰⁰⁰** - outside guarantee.

If your **easicom¹⁰⁰⁰** needs repair after the guarantee period has ended, it must be repaired so as to comply with the approval requirements for connection to the telephone network.

We recommend that you call BT on **Freefone 0800 800 150** or visit your nearest BT shop, and you will be informed of our recommended repair agents.
